The construction of these types of castles are related to the sun worshipping and angel fertility beliefs. The Dokhtar Castles were usually big and small fire-temples that have been presented to the angel of fertility and many of them are reputedly known by the same name in different regions of the province. Dokhtar Castle, Doshman Ziyari, Dokhtar Kaltak Torab and Imamzadeh Dokhtar (daughter) Castle, and the Dokhtar Good Sorkh Castle are the famous castles of this province.
